Death Valley seems to be a popular place just now for prospectors. The Sacramento public schools have closed for a two weeks' vacation.

Coal in large quantities has been found in the Sierra Madre mountains.

The Blue Mountains in Arizona are giving evidence of long-hidden treasures.

Ophir mining district, Placer county, Cal., exhibits increased mining activity.

Twenty-five men now find steady employment at the Santiago mill on Carson river.

At Fort Calgary, Montana, coal oil is worth \$5 per gallon and flour \$15 per 100 pounds.

About 1,000 miners are employed in and about the hydraulic mines in Nevada county, Cal.

In Mexico City a story in verses, is sold on the street, and it rehearses.

That each son of toil, By St. Jacobs Oil, Is cured of all painful reverses.

The Coleman Company is putting up two large works in Death Valley for refining borax. They will much exceed the Borax Lake works in completeness and capacity.

It is the general belief that a belt of coal and coal oil extends through Siskiyou county, Cal., and that the time will come when good paying coal mines will be opened, besides striking oil.

An old shaft sunk on a very rich body of silver ore has been struck in the Sierra Madre mountains, which, from appearances, was last worked by the ancient Aztecs or some other race.

Red Bluff, Cal., is the scene of a sensational divorce suit, wherein Margaret Cleghorn wants the nuptial knot that binds her to P. M. Cleghorn severed. The citizens are much disturbed because the Court is hearing the case with closed doors.

A new idea to effect a great saving in contract shipment of live stock is about to be tried in the Yellowstone country. It is proposed to establish slaughter houses at various points along the line of the Northern Pacific railroad, from which points dressed beef is to be shipped to the East.

A Woodland, (Cal.) dispatch of April 19 says: At a late hour last night a man by the name of E. T. Smith was arrested in this place on complaint of John Van Baaren of Napa, who charges Smith with abducting his daughter and keeping her in a house of prostitution. The girl was not yet 16 years of age and was found with Smith in a house of prostitution in Woodland, kept by one Rosa Lee. Both are now in jail. Smith's examination will take place to-morrow.

Advice to Consumptives.

On the appearance of the first symptoms—as general debility, loss of appetite, pallor, chilly sensations, followed by night-sweats and cough—prompt measures for relief should be taken. Consumption is a scrofulous disease of the lungs—therefore use the great anti-scrofula or blood-purifier and strength-restorer—Dr. Pierce's "Golden Medical Discovery." Superior to cod liver oil as a nutritive, and unsurpassed as a pectoral. For weak lungs, spitting of blood, and kindred affections it has to equal. Sold by druggists the world over. For Dr. Pierce's pamphlet on consumption, send two stamps to World's Dispensary Medical Association, Buffalo, N. Y.

A permanent restoration of exhausted and worn-out functions follows the use of Brown's Iron Bitters.

For dressing the hair, and beautifying it when gray, nothing is so satisfactory as Parker's Hair Balm.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. Rice, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents.—The foolish wastage of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

EDITORIAL NOTES.

The New York Evening Post says: There is probably nothing more striking in the history of New York than the small extent to which its rich men have contributed voluntarily either to beautify it with public monuments or to promote the welfare or comfort of the inhabitants. The Astor library and Cooper Union are the only signs that they have ever cared anything about learning or education. The Lenox library is hardly popular enough or useful enough to be added to the list. The Museum of Natural History, which is only just beginning its existence, is the only sign that they ever cared anything about science. The Metropolitan museum is the only sign that they care anything about art or archeology, and here we admit a good deal has been done within a short period.

The reason why Peter Cooper was peculiarly esteemed, says the Sun, was that he was entirely removed from the pretense, the assumption, the arrogance and the indifference of wealth. He never forgot that he had been poor, nor did he try to make other people forget it. He utterly lacked snobbishness, an odious characteristic in the popular and rightful estimation, but one whose display is now frequent enough in New York.

Senator Vest to a St. Louis interviewer: "Ben Butler couldn't carry Missouri if nominated by a convention every day between this and the election. That sort of talk comes from Republicans, not from Democrats. Give us Carlisle or Morrison or Cox for speaker, and McDonald and Cleveland on the Presidential ticket, and the result is assured."

With a few dynamite cartridges almost any fool can make himself the terror of a great city, but it will take more wisdom than can be found in the British Parliament and the Pennsylvania Legislature to devise laws that will effectually suppress the dynamite fiend.

It is quite amusing to notice how official positions sometimes change a man. Our State government has one or two very striking illustrations.

There is more red tape about the sale of an Indian reservation than there is about the donation of an empire of public lands to a railroad.

A strike of colored washerwomen in South Carolina is said by a Boston paper to be a rising of those women in their Dinah-mite.

APPALLING DISASTER.

Mississippi Visited by a Terrible Cyclone.

DESTRUCTIVE WORK OF THE ELEMENTS

A Partial List of Persons Killed and Wounded.

[PRESS DISPATCHES TO THE GAZETTE.]

NEW ORLEANS, April 23.

A Times-Democrat, Wesson, Miss., special says: A frightful cyclone passed over Wesson and the town of Beauregard, a mile above, at 4 o'clock yesterday afternoon. The wind for the past three days has been blowing a gale, and the lowering clouds indicated its approach some minutes before by deep, rumbling sounds. The windows in dwellings were shaken violently. Many thought it was an earthquake. The thunder and lightning was terrific. Fences were torn down, trees uprooted and cast hundreds of yards away. East of the railroad the damage is light but in the western portion of the town the destruction is awful in its character. One peach orchard was struck, which was lined with a large number of houses in which the operatives of the Mississippi Mills were domiciled. The greatest destruction occurred. The groans of the wounded beneath the ruins was appalling. The dwellings were torn to atoms. The pine forest, just beyond, is blown out of existence. The work of extricating the dead and removing the wounded then began. Calvin Reed, living in the vicinity, died from excitement. Estimated number of killed, 12. Two or three children are missing. Twelve to 20 dwellings were blown down. The number of people with broken limbs is estimated at 75. The wounded were removed as fast as possible to houses which escaped injury.

Several dead bodies lay out in the rain more than an hour after the storm. The dead are now all laid out and the coffins are being made for them. The citizens are using all their power to alleviate the suffering of the wounded. It is feared many more will die. A special train with physicians of McComb City and Brookhaven have arrived. Another extra special will be here with additional help from Magnolia and Summit soon. Some of these physicians go to Beauregard, where the destruction of life and property is said to be simply indescribable. Among the killed in Wesson are Mrs. Causley and two children. Several children of J. E. Gibson were found crushed under the chimney, and two of the bodies were unrecognizable.

The names of all the dead cannot be obtained. A little boy was found in the woods several hundred yards away unhurt. Wesson, except in the locality mentioned, suffered but little, except the destruction of fences and trees. The scene is appalling in Beauregard. The town is literally a mass of ruins. It is with difficulty one can ride through it, so thickly are the trees strewn across the road. Not a tree of any character is left standing in its place. Timbers are scattered for miles around. Out in the country two and a half miles houses were swept away. The list of the dead and wounded are as follows: John Ross, mortally; Isaac Bloom, seriously; M. M. Daniels, mortally; M. R. Trumbull of Brookhaven, fatally; Captain Lampkins, wife and child, all dead; George Holloway, mortally; Mrs. Holloway, leg broken; Wilcox, both arms broken; Ferguson and family, including 10 persons, dangerously wounded; Albert G. Price and child, mortally, and Joe Williams, killed.

JACKSON, April 23.
 The reports of destruction by the cyclone coming in at Wesson say 13 were killed and 60 wounded. At Beauregard 23 were killed and 90 wounded. Twenty-seven houses in Wesson were destroyed, and Beauregard entirely swept away. On the U. & C. R. R., the town of Tillman was destroyed and several killed and wounded. On the V. & M. R. R., the town of Lawrence suffered terrible. Reports from other places and from the country show the storm to have been wide-spread and very destructive.

EASTERN DISPATCHES

[ASSOCIATED PRESS.]

A Band of Drunken Murderers.
 ARCHISON, Kan., April 23.
 The three Barlow brothers who attacked and robbed the postoffice at Narmanville, Josephine county, Wednesday, and shot and wounded the wife of the postmaster, were brought here by Major Crowell of the postal service and Sheriff Bailey of Donephan county, and will have a hearing before the U. S. Commissioners.

The prisoners are a tough lot of citizens. They started out for a spree and a fight occurred, when Normal refused to give them beer. They assaulted him and his son, then broke open the postoffice, stole the money and stamps and shot Mrs. Normal as she was endeavoring to close the door. After they had left they commenced a fusillade with rocks and pistol shots, which shattered all the glass in the building. Directly after this they went to Everest, where they purchased another revolver and then started for home. They stopped at several houses and compelled the occupants to get supper. The men are in jail. Mrs. Normal is said to be dead.

 DUBLIN, April 22.
 It is stated that the prisoners now in Kilmainham jail have given evidence to the authorities which throws a complete light on the subject of the enquiry to be opened to-day by Curran, Divisional Magistrate of the metropolitan police, into the murders here during the past year of persons who have turned informers.

The London Times says the Government has obtained information in the course of recent inquiries that show the enrolled members of the Fenian organization in the United Kingdom to be 450,000, and that there are besides distinct offshoots of Fenians, such as Vigilants and Invincibles. The same authority also says there are secret organizations affiliated with the American dynamite party. The police have accurate information regarding the movements of the conspirators. TAILORING ESTABLISHMENT.

MY REPUTATION AS A TAILOR is already established. "The Ross Tailor" lives in all country towns. They advertise shop-worn auction goods; they dispose of clothes not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. Reno is no exception to the rule. She has a "Ross Tailor," but look at the suit made by the Virginia street "Ross" and you will immediately see the point.

JOTTINGS.

Minor Occurrences in and About Town.

A. J. Clark has sold his horses to Wood Bros.

The \$250 robbery case has been continued until to-morrow.

The past three days have been disgustingly windy and cold.

There is a dispatch at the telegraph office for Wm. Randall.

S. Connor has 2,000 dozen berry bushes for sale. Read 50-cent column.

R. P. M. Kelly furnished the asylum with 300 fruit trees last week.

Reno pays \$20,000 annually in premiums to fire insurance companies.

It is feared the present cold weather will prove disastrous to the fruit crops.

There will be a chance to buy yourself rich when Robert McTaggart holds his auction sale.

Paragon note and writing tablets at Nashy's. Thermometer at 7, 9, 11, 1 and 3—35, 38, 41, 42, 42.

Farmers should carefully inspect the stock of Knowles & Bainbridge before making purchases elsewhere.

Superintendent Bishop has renewed the practice of giving the patients a dance on Saturday evening.

Every merchant in town is receiving large stocks of Spring goods. Not an indication of dull times, by any means.

It is quite likely that when the case of Kinkhead and Crockett comes up to-morrow a continuance will be granted until the 14th of May.

Families are constantly flocking to J. K. Everett's store. He has everything the housewife requires to make her happy and contented. Goods delivered to any part of the city free of charge.

At present the chief question among sporting men is, how to load to scatter? It would take one of Uncle Josh Whitcomb's annihilators for some of the Reno sportmen to hit a flock of barns.

George Becker is selling more beer this Spring than ever before. Each succeeding brew shows improvement. No brewer on the coast has a better article than the Becker brewery turns out.

Drop in at the White House and examine the large stock of men's and boys' clothing Abrams Bros. carry. They have recently received from the eastern markets a splendid selection of boys' clothing.

In the case of Ede vs. Sullivan, R. H. Lindsay, counsel for defendant, this morning made a motion to transfer the case to the U. S. Circuit Court at Carson, on the ground that Ede was a foreign subject.

A visit to the Wine House proves conclusively that Cheliovich & Co., know just how to make their patrons happy. Their retail department is very complete and filled with every luxury; while the wholesale rooms are as full as any west of Chicago.

A Lost Opportunity.

The man that created such a furore among the sports at a well-known saloon a few nights ago turns out to be one of the escaped convicts from the Idaho penitentiary for whom a reward of \$500 is offered. The officers here feel like committing suicide for letting such a chance slip them. When last heard from he was wending his way south on foot.

Cattle Notes.

Barney Horn and Wm. Hope passed through Reno yesterday morning with 15 cars of beef cattle for the San Francisco market.

Charles Lux, of Miller & Lux, bought Pickinger's cattle last Friday, and shipped 10 cars Saturday night.

C. Gale of Newport, Vt., John F. Gale of the same place and Alfred Y. Gale of Carson City. All run trains at their respective homes. They went to San Francisco Tuesday morning on the delayed train, on a visit.

HIGH ART IN PHOTOGRAPHY

The Improvements being Made and the Facilities Offered to the Public.

San Francisco has justly earned the reputation of making the finest photographs in the world, and the reputation is being sustained by continued improvement. The undoubted leader in the art of portrait making is Geo. D. Morse, whose beautiful rooms in Phelan's block are said to form the finest gallery in the world. An elevator from the street opens directly in the reception room which is filled with pictures, many of them crayons and water colors worth hundreds of dollars. Mr. Morse has had years of experience and superintends the sittings personally. Nevada people visiting the city will do well to call. The opportunity of getting a fine portrait should never be lost, for any accident might make it too late forever.

A Chinese Mason's Funeral.

Last Sunday an old Chinaman, who has lived in Dayton China-town for several years past, passed in his checks, and is now probably in the land of spirits. The Lyon county Times says the old fellow was a Chinese Mason, and the Order took charge of the funeral. The ceremonies at the house were quite interesting to those who had never witnessed anything of the kind before, and it took quite a little while to go through the performance. His relatives, two nephews and a son, were the mourners, and they performed their duties in a very solemn and befitting manner.

An Affectionate Son.

A business citizen of Reno thought it high time the other day to halt his reckless son in his mad career, and during a private interview he said:

"You are in debt, sir."

"Yes, I owe a few dollars."

"You gamble."

"I play poker now and then."

"You drink."

"Yes, a glass of beer or a pony of brandy."

"William, how do you suppose I felt when I learned that you had raised money on your note?"

"Probably about as I did when I tried to raise it on yours and found that no one would advance a cent," was the affectionate answer.

Excursion Ticket Rates.

The C. P. R. R. Company has issued a circular to the effect that tickets will be placed on sale July 15th for the accommodation of the Knights Templar and their lady relatives. This applies to their wives, daughters, cousins and aunts. The price of the tickets will be equal to one full first-class ticket one way, or half fare. These tickets will not be for sale at the local offices of the company, but can be procured at the general office in San Francisco, or upon application to station agents. Parties requiring tickets can save time and trouble by handing in their names early.

Transplanting.

The C. P. R. R. Co. is hauling earth from the banks of the Truckee river to Carlin in which to plant trees. They are improving the land surrounding their buildings at that station.

FRIEND AND FOE.

What Will be Provided for Thursday Evening Amusements.

The play to be given at the Nevada Theater on next Thursday evening, proved an immense success at the Windsor Theater, New York City, and has been equally successful on the road. The leading character, "Carroll Moore," is played by W. J. Scanlan, at one time a variety star, like J. K. Emmitt, Joe Murphy, Gus Williams, and others, and now a finished comedian. "Friend and Foe" is by Bartley Campbell, one of the cleverest of dramatists. The plot is briefly this: An Irishman in France at the time of the Franco-Prussian war is in the family of a music loving Frenchman who loves him as a son, and the Irish hero falls in love with the daughter of his benefactor. An unscrupulous French landowner desires the love of the girl and threatens to turn the family out of the house. Just at that time war is declared and the villain is conscripted. He offers 15,000 francs for a substitute, and to save the family, the Irish hero accepts it and goes to the front. He is arrested by the Germans as a spy and sentenced to be shot; but his French sweetheart assists him to escape from prison, and finally all ends well, with a prospective wedding.

Packing Apples.

Apples are thus packed for the New York market: A basket of high colored and medium sized specimens is placed in the bottom of the barrel as close as possible with the stems all down, and the barrel is shaken as often as a basketful is put in. It is filled half an inch above the chimes, the head is pressed in by means of a screw, and the barrel is then turned over and marked on the faced head, so that when opened it shows an even and uniform surface. Apples thus faced will bring from 25 to 50 cents more than those not faced.

A Mother's Wounded Heart.

A Boston paper tells the following pathetic story of an elderly lady who, 10 years ago, drove up to a safe deposit company in that city, rented a pigeon hole and placed in it a little box containing some trinkets which had belonged to an only daughter who had died in early life. Every month the box was examined and wept over by the mother. Two months ago she failed to appear on the appointed day, but a week later a fine-looking old gentleman with craps on his hat came and unlocked the box, took the little casket away and gave up the key.

A Card.

Men are engaged in catching fish from the Truckee river at J. P. Faulk's dam at Verdi in violation of the fish law of this State. Mr. Faulk has given them permission to do so, and has virtually agreed to protect them. We respectfully suggest that the matter should be investigated by Nevada's Fish Commissioner, and these men prevented from violating the law while others are bound to live up to it.

STEVANS & McKINNEY.
Reno, April 22, 1883.

A Chance to Improve the Town.

The officers are paying some attention to the denizens of one of the houses on Douglas avenue. A burglar jimmy was found under the house yesterday. In view of the recent reported robberies and frequent complaints coming from that quarter it is thought that a den of thieves will have to hunt new pastures soon or face the Courts. It seem strange that nothing can be done to purify that portion of the city.

Marker's Condition.

Hon. P. N. Marker is having a very serious time with his lacerated arm. The flesh from the elbow to the wrist has entirely sloughed off, leaving the tendons and bones exposed. There are yet grave doubts as to the final result. It will be almost a miracle if his arm is saved. His appetite has improved somewhat and his general nervous condition better—both favorable symptoms.

The Latitude Allowed Reporters.

The Chinese proprietor, editor and reporter of the Chinese newspaper, Hong Kong, was arrested Wednesday night in a lottery den in San Francisco. He claimed immunity from arrest, as he was in the discharge of his duties, and that the Supreme Court had decided that reporters could go anywhere in pursuit of information. His claim was admitted.

A Mine Attached.

The Betty O'Neal mine at Lewis, says the Silver State, has been attached by creditors. The Anglo California Bank of San Francisco, and Frank Wattos and John Dias of Lewis are the principal creditors. The total amount for which the property has been attached is about \$8,000. This is bad for northern Lander.

"An Ill Wind," etc.

The Carson Appeal says: The physicians of Carson are of the opinion that the recent high winds have caused an abatement of disease and greatly improved the sanitary condition of this city. There are very few, if any, serious cases of sickness in Carson now.

A RENO COMMISSION HOUSE

Storage Accommodation for Wool and Other Produce.

W. S. Bailey has arranged for the storage, at very small expense to the owners, of wool, hides, pelts, etc., at the slaughter house half a mile east of Reno. Abundant room will be provided for storage, and cash will be advanced when desired. The building is in an isolated place, far from other houses, where there will be no danger from fire. A wool press will be provided so wool can be shipped east if it is justified. Parties with wool to sell or store are invited to call there or on A. Lindey at his store on Virginia street, Reno, Nevada.

A Scrap Early of History.

Colonel Jack Hays, who died Saturday at Oakland, was prominently connected with the early history of Nevada. At the time of the Indian war at Pyramid Lake in 1860, when the inhabitants of Virginia were beleaguered by hostile Indians, volunteers came from Sacramento to succor them. The first expedition met with disaster. The Indians massacred 64 of Major Ormsby's party and the rest got back as best they could. Further aid was called for and Colonel Hays came over at the same time another detachment of volunteers arrived, and the little army was reorganized with Colonel Hays as its leader. Colonel Hays flogged the Indians badly, and forever put a stop to their hostilities.

Two Strong Teams.

Kinkhead and Crockett will be defended by Clarke and King, R. H. Lindsay and Pierce Evans. Sodaberg has been engaged to take down the testimony. District Attorney Alexander and Col. A. C. Ellis will represent the State.

Lost Man Department.

If Edward Irwin, late United States Marshal of Nevada, will communicate with A. H. Ricketts of Virginia City he can learn something to his advantage.

Tahoe Lumbering.

The saw mills at Glenbrook started up last week for the season. They have contracts for between 18,000,000 and 20,000,000 feet.
